

Welcome to Nuna Academy

Hello, I'm Prof. Eetion!

I am very excited to have this opportunity to be your teacher this school year! This is my third year at Nuna Academy, and I'm can't wait to learn and grow with you. This year I will be responsible for the Science class for 5th through 8th grade, as well as the online Keystone support for 9th grade and high school.

Hope you've been enjoying your summer. Get ready for an exciting year! I hope your batteries are fully charged!

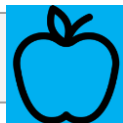

This is a snapshot for you to get to know me a little bit better.

I've spent my summer vacations taking long walks with my fiancé, Dina and my dog, Abraxas. I've also spent some time reading and relaxing (which you should be doing as well).

I am a huge advocate for open-communication and hard-work from myself, each student and their families. As the old cliché goes, "Education is like a three-legged stool: teacher, student and parent." So, hopefully, with all three balanced and working together, the stool can stand up and be supported.

Keep checking in on the class room chats, via Whatsapp (3386-6738) or e-mail (eetion.nuna@gmail.com), where important updates and information will be posted throughout the year. I am a huge proponent of balancing technology in this world of 21st century learning with hands-on learning and want to consistently implement that into my professional practice.

I can't wait to officially meet you!

TEACHING EXPERIENCE

- --- Mayan School
- ---- NewGeneration Christian Academy
- ---- Nashville School

FAST FACTS

- I am an animal lover and will protect all animals except mosquitos cockroaches and rats.
- I am the the third of four kids.
- One of the most gratifying jobs was to put out forest fires in La Tigra National Park in Tegucigalpa.
